# ATLANTIC COD

MSC certified product may be available

Seamazz® Norwegian cod is sustainably harvested in the northern Atlantic ocean and processed by our company owned facility in Massachusetts, Gloucester Seafood Processing. Seamazz® Atlantic cod has a mild flavor with a delicate texture that flakes easily.

## Features & Benefits

- Seamazz® Atlantic cod is an **all natural product** that contains absolutely no additives, phosphates or chemicals.
- We also offer Marine Stewardship Council (MSC) certified product. This 3<sup>rd</sup> party certification ensures our Atlantic cod was sourced in a responsible and sustainable method.
- Cod portions are available as IQF or IVP product forms.

## Graded Size & Master Carton

Offered in 4 and 6 oz. graded sizes. 1 x 10 lb (4.54 kg) carton. Other graded sizes may be available, inquire with your sales person.

## Country of Origin

Wild-caught in Norway. Processed in Gloucester, MA.

**Mazzetta Company, LLC®**  
Highland Park, IL 60035 | 847.433.1150

## Food for thought

*A 4 oz. portion of Atlantic cod boasts healthy omega-3 fatty acids, potassium and vitamins D, B-12 and B-6. Combined with high protein and low-fat, this fish makes an excellent heart-healthy entrée.*
